Lamia Noshin — 10 hrs	Closed for lunch	Light cells = not yet scheduled				

Lab Booking Policies and Best Practices

- Bookings can be made at <https://art.uark.edu/shopslabs> until midnight on the night before.
- While walk-ins are welcome, the lab uses a booking system, so appointments receive priority.
- Students, faculty, and staff using the lab are responsible for their preparation. Files must be finished and formatted correctly. Materials must be in hand or available through the lab.
- The AT3D Lab supports only approved materials and processes.
- On-time arrival is expected. If you are more than 15 minutes late, you will forfeit your appointment and be asked to book again.
- If you know you’ll need more time than a standard appointment, please email or book consecutive appointments.

- Consultations are available if you need help planning a project or checking a design. In most circumstances, these services do not extend beyond one hour of help.
